

9th - 10th December, 2022
Day I Schedule (9th December, 2022)

BEST PAPERS

S. No.	Track Number	Paper ID	Paper Title
1.	1	132	"Data Collection and Development of Bengali ASR and TTS for Conversational AI-based Automated Advisories in the Agriculture domain"
2.	2	79	Network Intrusion Detection System Employing Big Data and Intelligent Learning Methods.
3.	2	219	"Sphinx-Based Evaluation of Efficient Acoustic Modeling Parameters for LibriSpeech Corpus"
4.	3 (A)	4	Use of telemedicine and artificial intelligence in Eye and ENT: a boon for developing countries
5.	3 (B)	204	Identification of knee angle trajectory in Indian outfit using Pose Analysis
6.	4	18	Predicting Happiness Score During Covid-19 Using Machine Learning
7.	5	59	Android Ransomware Detection Toolkit
8.	6	98	"Predictive Maintenance System Design for Infant Intensive Phototherapy Lamp"
9.	7	179	A novel convolutional neural network architecture for diabetic retinopathy screening
10.	8	116	OPABP-Optimizing Parameters, to Improve Accuracy in Bug Prediction using Machine Learning
11.	9	114	"Cognitive-Chair : AI based advanced Brain Sensing Wheelchair for Paraplegic/Quadriplegic people"
12.	9	152	End-to-End recognition approach for Cognitive Impaired speech using Sequential Conv-Nets
13.	10.	173	Exposition of E-Healthcare & E-Referral Systems and The Role of Machine Learning
14.	10	136	"Transformed Deep Spatio-Temporal Features and Fused Distance for Efficient Video Retrieval"
